

# NATURA 2000 - STANDARD DATA FORM

For Special Protection Areas (SPA),  
Proposed Sites for Community Importance (pSCI),  
Sites of Community Importance (SCI) and  
for Special Areas of Conservation (SAC)

SITE IT5320008  
SITENAME Selva di Castelfidardo

## TABLE OF CONTENTS

- 1. SITE IDENTIFICATION
- 2. SITE LOCATION
- 3. ECOLOGICAL INFORMATION
- 4. SITE DESCRIPTION
- 5. SITE PROTECTION STATUS
- 6. SITE MANAGEMENT
- 7. MAP OF THE SITE

## 1. SITE IDENTIFICATION

|          |               |                             |
|----------|---------------|-----------------------------|
| 1.1 Type | 1.2 Site code | <a href="#">Back to top</a> |
| B        | IT5320008     |                             |

### 1.3 Site name

|                        |
|------------------------|
| Selva di Castelfidardo |
|------------------------|

|                            |                 |
|----------------------------|-----------------|
| 1.4 First Compilation date | 1.5 Update date |
| 1995-12                    | 2024-12         |

### 1.6 Respondent:

|                    |                                                                               |
|--------------------|-------------------------------------------------------------------------------|
| Name/Organisation: | Regione Marche - Settore Territori interni, parchi e rete ecologica regionale |
| Address:           | Via Tiziano,44 - 60125 ANCONA                                                 |

3.1 Habitat types present on the site and assessment for them

| Annex I Habitat types |    |    |            |               |              | Site assessment  |                  |              |        |
|-----------------------|----|----|------------|---------------|--------------|------------------|------------------|--------------|--------|
| Code                  | PF | NP | Cover [ha] | Cave [number] | Data quality | A B C D          | A B C            |              |        |
|                       |    |    |            |               |              | Representativity | Relative Surface | Conservation | Global |
| 3270                  |    |    | 1.0        |               | M            | C                | C                | B            | B      |
| 6430                  |    |    | 5.77       |               | M            | B                | C                | B            | B      |
| 91AA                  |    |    | 9.76       |               | M            | B                | C                | B            | B      |
| 91L0                  |    |    | 3.22       |               | M            | A                | C                | B            | B      |
| 92A0                  |    |    | 2.01       |               | M            | C                | C                | B            | B      |

- **PF:** for the habitat types that can have a non-priority as well as a priority form (6210, 7130, 9430) enter "X" in the column PF to indicate the priority form.
- **NP:** in case that a habitat type no longer exists in the site enter: x (optional)
- **Cover:** decimal values can be entered
- **Caves:** for habitat types 8310, 8330 (caves) enter the number of caves if estimated surface is not available.
- **Data quality:** G = 'Good' (e.g. based on surveys); M = 'Moderate' (e.g. based on partial data with some extrapolation); P = 'Poor' (e.g. rough estimation)

3.2 Species referred to in Article 4 of Directive 2009/147/EC and listed in Annex II of Directive 92/43/EEC and site evaluation for them

| Species |      |                                |   |    | Population in the site |      |     |      |      |          | Site assessment |       |      |      |
|---------|------|--------------------------------|---|----|------------------------|------|-----|------|------|----------|-----------------|-------|------|------|
| G       | Code | Scientific Name                | S | NP | T                      | Size |     | Unit | Cat. | D. qual. | A B C D         | A B C |      |      |
|         |      |                                |   |    |                        | Min  | Max |      |      |          | Pop.            | Con.  | Iso. | Glo. |
| I       | 1088 | <a href="#">Cerambyx cerdo</a> |   |    | p                      |      |     |      | P    | DD       | D               |       |      |      |
| I       | 1083 | <a href="#">Lucanus cervus</a> |   |    | p                      |      |     |      | P    | DD       | C               | C     | C    | B    |

- **Group:** A = Amphibians, B = Birds, F = Fish, I = Invertebrates, M = Mammals, P = Plants, R = Reptiles
- **S:** in case that the data on species are sensitive and therefore have to be blocked for any public access enter: yes
- **NP:** in case that a species is no longer present in the site enter: x (optional)
- **Type:** p = permanent, r = reproducing, c = concentration, w = wintering (for plant and non-migratory species use permanent)
- **Unit:** i = individuals, p = pairs or other units according to the Standard list of population units and codes in accordance with Article 12 and 17 reporting (see [reference portal](#))
- **Abundance categories (Cat.):** C = common, R = rare, V = very rare, P = present - to fill if data are deficient (DD) or in addition to population size information

- **Data quality:** G = 'Good' (e.g. based on surveys); M = 'Moderate' (e.g. based on partial data with some extrapolation); P = 'Poor' (e.g. rough estimation); VP = 'Very poor' (use this category only, if not even a rough estimation of the population size can be made, in this case the fields for population size can remain empty, but the field "Abundance categories" has to be filled in)

3.3 Other important species of flora and fauna (optional)

| Species |      |                                           |   |    | Population in the site |     |      | Motivation |               |   |                  |   |   |   |
|---------|------|-------------------------------------------|---|----|------------------------|-----|------|------------|---------------|---|------------------|---|---|---|
| Group   | CODE | Scientific Name                           | S | NP | Size                   |     | Unit | Cat.       | Species Annex |   | Other categories |   |   |   |
|         |      |                                           |   |    | Min                    | Max |      | C R V P    | IV            | V | A                | B | C | D |
| P       |      | <a href="#">Allium pendulinum</a>         |   |    |                        |     |      | R          |               |   |                  |   |   | X |

Other Site Characteristics

Bosco relitto della zona sublitoranea delle Marche centrali, importante per la presenza di specie vegetali ed animali divenute rare nella zona. Habitat da aggiungere rispetto all'allegato I della direttiva 92/43 - CEE: - Arbusteti submediterranei (Cytision sessilifolii);- Boschi dell'Italia centrale e meridionale a Quercus cerris e Q. pubescens (Ostryo-Carpinion orientalis).

4.2 Quality and importance

Specie divenute rare nelle Marche.

4.3 Threats, pressures and activities with impacts on the site

The most important impacts and activities with high effect on the site

| Negative Impacts |                                 |                                |                           |
|------------------|---------------------------------|--------------------------------|---------------------------|
| Rank             | Threats and pressures<br>[code] | Pollution (optional)<br>[code] | inside/outside<br>[i o b] |
| M                | A07                             |                                | i                         |
| H                | J03.02.02                       |                                | i                         |
| M                | K04.01                          |                                | i                         |
| M                | I01                             |                                | i                         |
| H                | G05.07                          |                                | i                         |
| M                | K02.01                          |                                | i                         |

Rank: H = high, M = medium, L = low  
Pollution: N = Nitrogen input, P = Phosphor/Phosphate input, A = Acid input/acidification, T = toxic inorganic chemicals, O = toxic organic chemicals, X = Mixed pollutions  
i = inside, o = outside, b = both

| Positive Impacts |                                  |                                |                            |
|------------------|----------------------------------|--------------------------------|----------------------------|
| Rank             | Activities, management<br>[code] | Pollution (optional)<br>[code] | inside /outside<br>[i o b] |
|                  | X                                |                                |                            |

4.4 Ownership (optional)

4.5 Documentation

5. SITE PROTECTION STATUS (optional)

5.1 Designation types at national and regional level:

[Back to top](#)

| Code | Cover [%] | Code | Cover [%] |
|------|-----------|------|-----------|
| IT11 |           | IT13 |           |

5.2 Relation of the described site with other sites:

designated at national or regional level:

| Type code | Site name                                | Type | Cover [%] |
|-----------|------------------------------------------|------|-----------|
| IT13      | Vincolo idrogeologico 2491               | *    | 32.18     |
| IT99      | Area floristica "Selva di Castelfidardo" | *    | 31.86     |
| IT11      | Bellezza naturale 155                    | *    | 59.9      |
|           |                                          |      |           |

|      |                            |   |       |
|------|----------------------------|---|-------|
| IT11 | Bellezza naturale 164      | * | 39.78 |
| IT13 | Vincolo idrogeologico 2509 | + | 9.85  |

5.3 Site designation (optional)

6. SITE MANAGEMENT

6.1 Body(ies) responsible for the site management:

|---------------|-------------------------------------------------------------|
| Organisation: | Provincia di Ancona Dipartimento III Governo del Territorio |
| Address:      | Via Menicucci, 1 (60121) Ancona                             |
| Email:        | r.renzi@provincia.ancona.it                                 |

6.2 Management Plan(s):

An actual management plan does exist:

|                                                 |                                                                                                                                                                                                                        |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input checked="" type="checkbox"/> Yes         | Name: Piano di gestione del sito Natura 2000 IT5320008 “Selva di Castelfidardo”<br>Link: <a href="http://www.norme.marche.it/Delibere/2015/DGR0551_15.pdf">http://www.norme.marche.it/Delibere/2015/DGR0551_15.pdf</a> |
| <input type="checkbox"/> No, but in preparation |                                                                                                                                                                                                                        |
| <input type="checkbox"/> No                     |                                                                                                                                                                                                                        |

6.3 Conservation measures (optional)

Sono in vigore: 1) Misure di conservazione generali consultabili linkando a: - [http://www.norme.marche.it/Delibere/2008/DGR1471\\_08.pdf](http://www.norme.marche.it/Delibere/2008/DGR1471_08.pdf) - [http://www.norme.marche.it/Delibere/2009/DGR1036\\_09.pdf](http://www.norme.marche.it/Delibere/2009/DGR1036_09.pdf) 2) Misure di conservazione definite nel Piano di gestione del Sito consultabili linkando a:- [http://www.norme.marche.it/Delibere/2015/DGR0551\\_15.pdf](http://www.norme.marche.it/Delibere/2015/DGR0551_15.pdf)3) Si segnala inoltre la presenza dell'area floristica "Selva di Castelfidardo" istituita ai sensi dell'articolo 7 della L.R. 52/1974 il quale dispone che in questa area, soggetta a tutela in quanto presenti specie floristiche rare o in via di estinzione, sia proibita la raccolta, la estirpazione o il danneggiamento di tutte le piante spontanee. Sono comunque consentite le normali pratiche colturali nonché, negli incolti produttivi, il pascolo e la fienagione. Il file shape del perimetro dell'area floristica può essere scaricato linkando a: - <http://www.ambiente.marche.it/Ambiente/Natura/Infrastrutturaverde/Areefloristiche/Cartografia.aspx>
